"In the end, it's not about the years in your life, but the life in your years."

I'd like to thank my parents for teaching me kindness, and to make the best of every situation. Thank you to my amazing sisters and niece for always being my backbone. Thank you to my best friends, I love you girls and I wouldn't trade our memories since freshman year for anything. Fruit snacks for life! A huge I love you to the players and coaches on the cheer and lax team. I wouldn't want to play Ignition Remix with anyone else (@Rye).

Antonya, Emma and Julia...you won't make it here without me. SP, JG and SM...love you girls to pieces. Thank you for always being by my side. The biggest thanks to Mrs. Murphy for giving me the opportunity to travel to Ecuador, being my mom away from home, always listening to my problems, and giving me the best advice. Thank you to everyone at Sacred Heart for giving me such an amazing high school experience.

Sully, have fun on the bus.

I would like to thank my parents and my friends for being with me through all of my high school endeavors. Having company to enjoy my teenage years with was extremely important to me, and I'm grateful that I was able to have these experiences. I urge everyone to keep an open mind, because there is no limit to what one can learn simply by being open minded to the best of their abilities. I'll probably decide that I wish I was still in high school about a year or two into college, but for now I'm excited for the future.

Thank you so much to my mother and father for showing endless support and encouragement throughout my time spent at Sacred Heart. I appreciate all of what you've done for me. I'm so thankful for all the sacrifices you have made in order for me to receive the education I have. I'm very grateful for my friends who have always supported me throughout all the adversities I've faced during these past years. Thank you so much to Tori and Mike for truly being there for me. I appreciate it more than you'll ever know. I hope I've had the same effect on your lives as you have on mine. You both have made my high school experience so much more enjoyable, and I couldn't have made it through high school without the two of you. Lastly, thank you to my family for everything they have done for me, and all the support they have shown me. I would especially like to thank my cousin, Hailee, for always being like a sister to me. I love all of you! Thank you so much. You all have greatly impacted this part of my life.

I would like to thank everyone who has helped me get to this point in my life. I appreciate the sacrifices that my parents made to get me here. Throughout my high school career I have been through the ups and downs. There has been moments where I was being dragged through the mud and then there were times where I felt like I was gliding through the clouds. But I could always count on my friends and family to pick me back up. I came to Sacred Heart in sixth grade and to be honest I couldn't picture myself anywhere else. The people at this school have helped me realize who I truly am and they have certainly brought out the best in me. I truly couldn't be happier with the person I have become, no regrets.

Thank you so much to my parents, grandparents, my little brother Zachary, and my twin sister Stephanie for all the support you've shown me. I greatly appreciated you all coming to stand out in the freezing cold to watch every meet I've had. Mom and Dad, thank you for always picking me up when I fall (literally) and encouraging me to keep going even when I wanted to quit. Grammie and Grandpa, I will always remember and appreciate seeing you at everything that Steph and I have done. Zach, no matter how much I tease you I have always appreciated everything you have done for me. Steph, I don't know what I would do without you, these past four years have been a blast. It is going to weird next year not you seeing everyday.

At SHHS, I've had the time of my life filled with many warm memories that I'll carry forever. I would like to thank those who've helped me get this far: my parents for all their love and support. They've always been my biggest fans and inspired me to be all I can and live life with integrity. Secondly, my teachers and faculty who've helped mold me into the student and person I am: Mr. Cunningham, Mrs. Zigouras & Mrs. Gallitano. to name a few. Lastly, my friends: KT, TG, JS, BG, TF, JL, BM. You guys have been there to witness my finest and even my most embarrassing moments and you've supported me at every step. I know our relationships will stand the test of time and you just can't put a price on that.

Thank you class of 2017 for the great memories and I'll see you down the road!

I would like to thank my parents for their seemingly endless support they have given me throughout all four years at Sacred Heart, and for the 14 years that had been before that. I thank my teachers for all they have done for me, and their patience throughout all of my classes. My thanks also extends to all my friends, as life would not be nearly as exciting and humorous as it has been with them.

First, I want to thank my parents for sending me to such a great school and thank all of the great teachers that I have had the pleasure of working with over the past four years. There really is no educational community like Sacred Heart, and I hope to see the same kind of community in my future as a college student. Also, thank you to all of my friends back home who have been at my side even through my transition to a new school. I'd like to give special recognition to Mrs. Dick, Mr. Cunningham, and Mrs. Lombardo for all the help, advice, and understanding you have shown me.

I'd like to thank my parents for making the sacrifices to send me to this school, as well as for motivating me to be my best every step of the way with nothing but love. I would also like to thank my brother Kyle for always supporting me in everything I did. T Byrne and the coaching staff of the Saints football team will always mean a lot to me as they taught me brotherhood, leadership, and the definition of hard work. I've made many lasting friends at Sacred Heart and I would like to thank them for always being there for me, as well as thank the teachers and staff of Sacred Heart for setting me up for success. As a lifer at Sacred Heart, it's hard to imagine that my time at this school has passed, but I will forever look back at my time here with fond memories.

I hope to be reading this fifty years from now, reminiscing the days of speech competition and student council conferences, all while listening to rap music on the loudest volume possible. By then, I hope I remember the people I had met, the activities I devoted my weekends to, and the days spent playing the piano and guitar for hours. These things and more have made me into the person I am (or was depending on when I read this). S.E.M.A.S.C. and the M.S.D.L., thanks for the amazing memories. Kayla Marie Turner, I couldn't be more proud of you. You have taught me so much in this lifetime. Kyle, Mom, Dad, you guys deserve more love than I can ever offer. When I recall my past before entering Sacred Heart, an image of a naive and puerile me arose in my mind. Through years of learning and growth, Sacred Heart guided me from a teenager to a mature man. In the blink of an eye, time turned those experiences into memories.

Appreciation is not enough to express my passion towards Sacred Heart, nor the words I wrote. As I go on the journey to pursue higher education, the memories I had these years will be treasured and locked deeply within my heart.

Emma Cubellis

My dearest Emma,

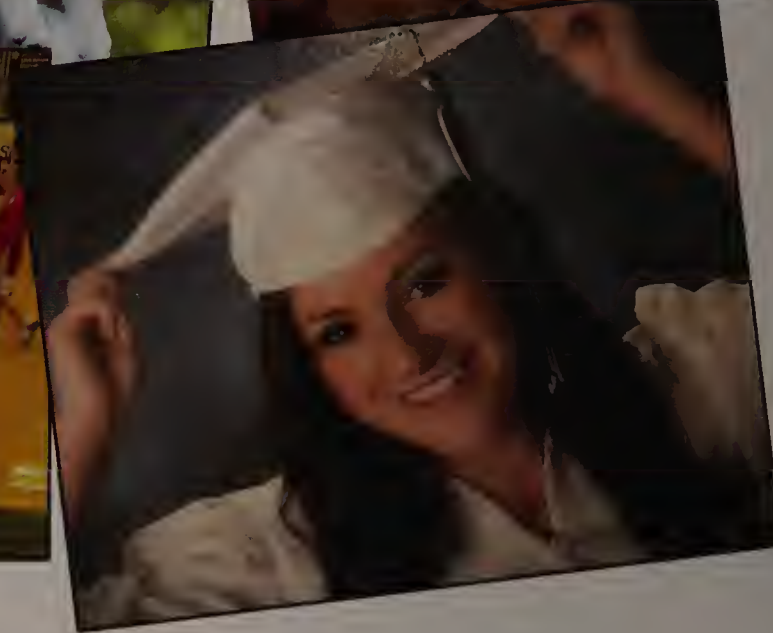

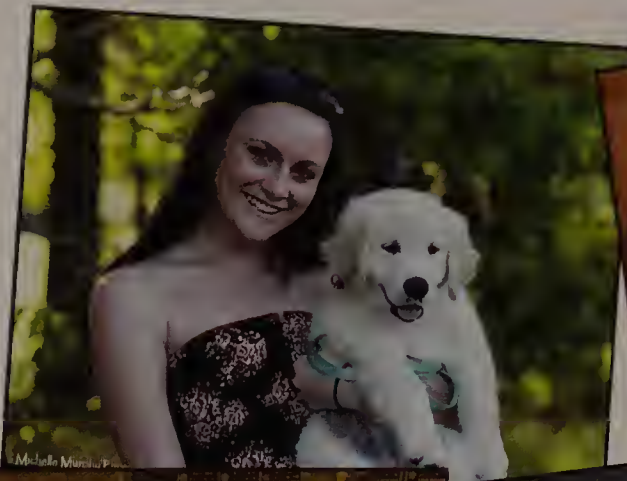

In my heart I know that you were given to me for a reason. You are here to make a difference, whether that be large or small. You are an unfinished masterpiece, a work in progress, something good that has already been started. You are beginning a new journey, one that will take you somewhere bigger than you are right now. Remember that all things are possible. Never be afraid to be you, for true strength comes from believing in yourself. As Robert Frost said: "Accept no one's definition of your life; define yourself." "Freedom lies in being bold." Remember, too, that success is measured in many ways so keep on pursuing your dreams. I am so proud of you. You will always be my baby. I love you.
-Mom

To my amazingly talented and beautiful baby sister. Congratulations!! I am so proud of every accomplishment you have made so far and the young woman you are becoming. You are about to begin a new chapter in your life and I am confident you will succeed in whatever path you choose to take. Age is only a number, and the seven years seem like nothing now because you have grown to be my best friend. I cannot wait to see where this crazy life takes you. I will always be by your side. I love you Ems, 9:55.

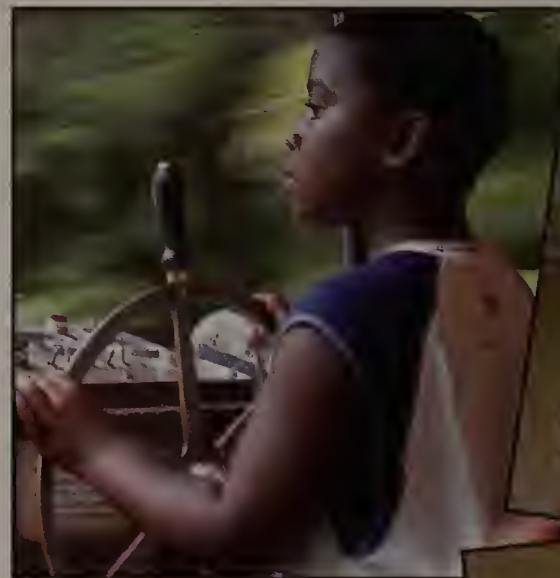

Olivia Rose DiBiase

We are so proud of you and all of your accomplishments. Hard to believe 13 years has come and gone! We love the woman you have grown up to be. What a great ride, now on to Roll Tide!
